

Hello Year 3

It is Miss Seddon here...

I want to start this letter by saying how so immensely proud I am of every one of you and what a pleasure it has been to have you in my class. I always think of my class as my 'family' and you have been the best. The last few months have been very challenging and we did not expect to finish our year in this way, but you have shown what wonderful, strong children you are. How you continued your learning at home, how you helped to keep each other safe, and how you continued to do it with a smile. At Welton, we always use the term 'stickability' and you have definitely shown that skill this year.

I have so many memories of our time together. I remember first meeting you in September and how I was immediately impressed with your hard work and determination. We have done so many exciting things! Do you remember when we were learning about Greece and we made Greek salad and hummus? It was so delicious! I still look at our Stone Age houses and think how super they are! In fact, our Stone Age visitor told us they were the best he had seen! I feel very lucky that we were able to enjoy a sports day at the beginning of the year and I was so proud of your efforts and support of each other.

So many things about this year have made me happy but the thing that has made me smile the most is how much progress you have made. You have become more accurate mathematicians, more imaginative writers, more expressive readers. Your inquisitive minds have shone in history and your sportsmanship and teamwork has been fabulous. You have shown more resilience and more determination! You are all definitely ready for Year 4.

I hope you all have the most wonderful, fun filled summer and enjoy lots of precious times with your family and friends.

I cannot to see you in September and even though you may not be in my class, I will definitely be checking in on you!

See you soon,

Miss Seddon
