

## What should I already know?

- To understand geographical similarities and differences through the study of human and physical geography
- To be able to describe and understand key aspects of physical and human geography
- To be able to locate the world's countries using maps focusing on their environmental regions, key physical/human characteristics, countries and major cities
- To be able to describe and understand key aspects of physical and human geography

## Vocabulary

refugee	Person who is seeking a safe haven after being forced to flee violence, persecution or war
migrant	Person that travels to a different country or place
asylum seeker	Person who, from fear of persecution crosses into a different country hoping to be granted refugee status
travel	Journeying from one place to another
flee	To run away often from danger or evil
culture	Pattern of behavior shared by a society, or group of people
conflict	Strong disagreement or bad feeling between people
shelter	What people use to protect themselves from their surroundings
empathy	Sharing an emotion with someone, or feeling the way they feel, even if you aren't in the same situation
community	Place where people live, work and play
Venezuela	Republic in South America on the
hosting	Countries that allow refugees to stay
customs	Action or way of behaving that is traditional to people in a group or place

Refugees flee their home countries because they fear persecution based on their race, social group, religion, or political views. Additionally, some people leave their countries to escape civil war and natural disasters. Some countries are both a haven for refugees and a country refugees escape from.

## What might a refugee need?

### Shelter

These are usually tents or plastic tarpaulins to protect refugees from the elements and provide security and privacy.

### Emergency Relief Items

Families often flee with just a few belongings. They will need essential supplies such as blankets, sleeping mats, mosquito nets, clothing and other personal care kits.

### Water and Sanitation

They will need clean water and a waste management system to meet their basic needs.

### Food

Refugees will need food and kitchen items to enable them to feed themselves.

### Healthcare

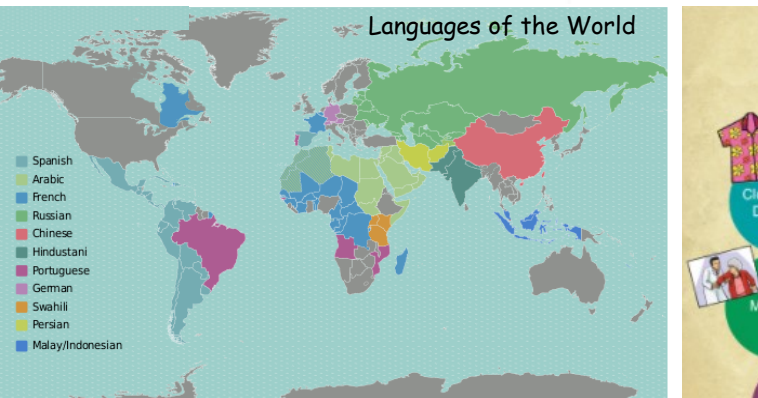

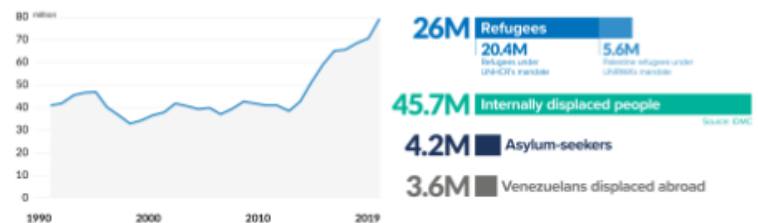

This includes access to medical care, immunization programs and mental health support.

### Legal support

Refugees will need help and support to ensure they have the correct documentation to enable them to stay together.
