Dear Parents,

We are updating our Behaviour Policy and would like your contributions to the overarching principles of the policy which we aim to make very simple and based on four key values.

**The principles underlying this Behaviour Policy are based on British Values:**

- Respect and responsibility for self
- Respect and tolerance for others
- Respect for the environment
- Respect for rules

Please add your thoughts on what this should look like on a day to day basis expressed as a positive behaviour.

**Respect and responsibility for self**
