Year Six Council Members	Y6PB Evelyn Y6JS Sienna

The school council are organising their first event. This is to raise money for Young Minds which is a mental health charity. Money raised will go to our local branch and be used for supporting children in our community. Children and adults throughout the school have been invited to take part. The following information was given by the school council representatives to their own classes.

## Come Together in Yellow-10th October 2024

Every year, thousands of schools, companies and communities come together to make World Mental Health Day that little bit brighter by wearing something yellow and donating to Young Minds. Right now, the world is a really tough place for children and young people to grow up in. We want young people to know that they don't have to go through this alone. Things can get better. This World Mental Health Day, wear yellow with thousands of others across the UK and raise money to show young people that they're not alone with their mental health. Because we stand brighter, together.

The school council would like you to support them by donating a pound or more. A link will come on a separate email.

The school council are going to run a poster competitions which will be announced on the day and give prizes to the winners.
