

All things bright and beautiful
All people great and small
It's what makes the world so wonderful
And God created us all.

God celebrated difference
That's why he made us all unique
Life would be dull if everyone was the
Same

That would make our world so bleak.

Diversity poem

green, yellow, red or blue

it doesn't matter what color paper
you need if it helps you.

I face challenges with dyslexia and
you may too,

If I can do it, so can you!

people like doing different things

like reading or playing ~~different~~ a
game.

It ~~would~~ would be a boring world

If we were all the same.

Olympics, paralympics disabled or not.
all are amazing and give their best
shot.

Can see, can't see does it matter
what body you're in. everybody's
special don't you agree?

Brown, blonde, ginger, black
don't be mean behind someones back
Tall, short, fat, thin
it does not matter what body you're
in.

Girls, boys, women, men
should be ^{treat} the same again and again

Diversity!

Diversity!

Everyone is different in the human race
That's what makes the world such a
special place.

British Values by Jacob Corke

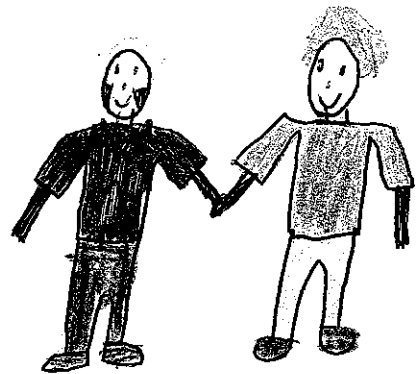

Diversity Diversity ~~we~~ we have it
even in University. ~~we~~ we are

Different faiths and beliefs we are
all equal and unique.

We all look different but inside
are all the same, so lets all
share and never blame.

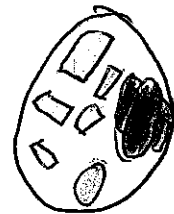

Brown, black orange, blonde,
It doesn't matter, we should
still bond!

Sister, brother, Father,
mother, it doesn't matter
as long as we respect
each other.

Look at me, look at you,
Your eyes brown, mine blue,
We are the same but different too,
Look at the different sports we do

Look at you, look at me,
Count all the differences you can see,
I have no brothers, you have three,
That's the way I'd rather be

Look at them, look at us,
There is so much we can discuss,
We walk to school, they go by bus,
They like rice, we like cous cous

Look at us, look at them,

Some of us women, some of us men,

I would like a unicorn, you would like
an alien,

Differences are great, they are not a problem!

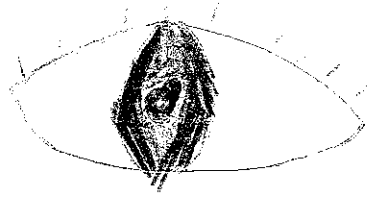

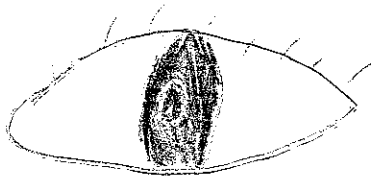

By Lily Whitaker

We can all look and see we don't all look, dress, speak or act the same from you or me. Some may come from far away or we may see you every day. We have different clothes and maybe different coloured eyes. You may be tall, short, fat or thin doesn't matter what body your in.

Just because someones in a different town,
doesn't mean they have to frown.

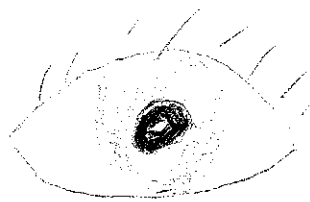

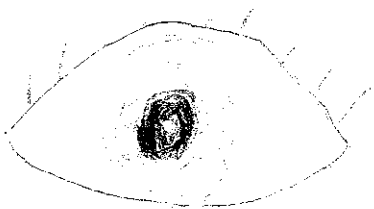

Peoples eyes grey black and brown,
we all live happily in the town.

Sometimes, they come over and play,
on a bright sunshiny day.

Look at me, look at you
our differences are pure and
true.

Look at me look at you,
Your eyes are brown mine are
blue.

people of the world

Boys girls fat thin it
doesn't matter what
body were in.

yellow, white, Black or brown
we are all friends no
need to frown.

sports women, sports men they
all unite.

The Olympic games are a
wonderful sight.

Size, colour, gender, race

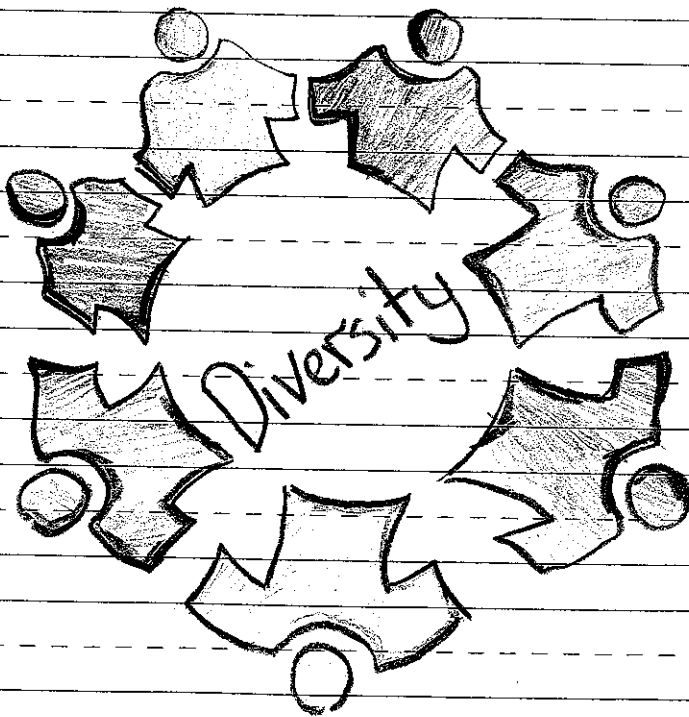

We are not the same
and ~~the~~ that is ace!

Diversity, diversity

We are all different

Diversity, diversity

And it's magnificent.

Evie Allanson

What makes us different is the key
what makes us different is diversity.

My Daddy likes driving in his car
and my Granddad likes a drink in
his bar.

Girls, boys, women, men different names
like Evie, and Ken.

My Mummy likes cakes, she thinks
its very nice but my Grandma
prefers to eat curry and rice.

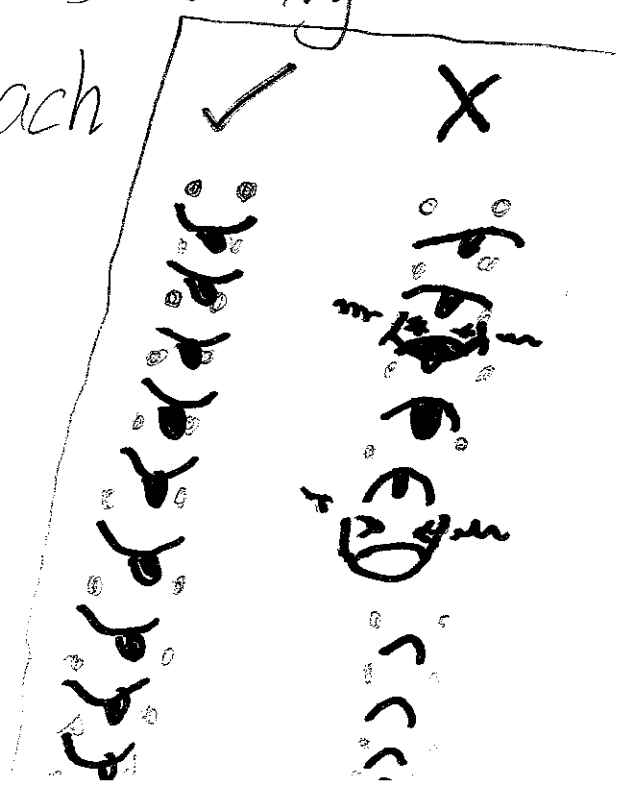

Look at you, look at me we are
both as different as can be.

Emma

Girl, boy, black or white
we do not need to fight.
different sizes, big or small
we should love each and all.

Loud or quiet shy or you too
cry there is no way you
can say goodbye. From USA
or drink lucozade there is not
a way to fly away. Diversity.

Diversity we love each
and all diversity,
diversity its in us
all.

Spices from the east can make a big feast. Burgers from the west can make an interesting feast. Exotic fruit from the south tastes good in your mouth. Fish from the north are great on a plate.

We all have different tastes.

Tall, small, black or white it doesn't matter alright!

Look at me look at me look at you look at you our differences are true.

Fat or thin it doesn't matter what body we're in.

Diversity, diversity, it's really neat. diversity, diversity, isn't it sweet.

Diversity

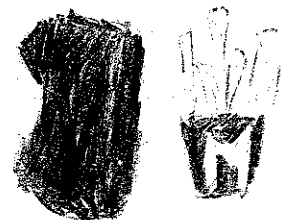

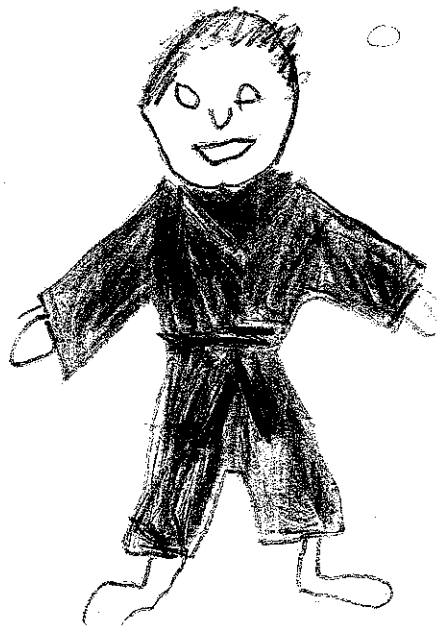

Some people like eating steak and chips whilst others like eating curry. It doesn't matter if your young or old both of these are yummy.

My hobby is martial arts, other people like to play darts, I'm currently a brown / black stripe.

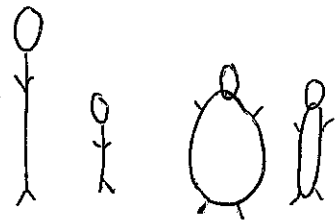

Some people like to eat tripe.

Diversity, Diversity, We're all unique!

Diversity, Diversity it's really neat!.

Diversity

Tall, short, fat or thin, it doesn't matter what body you're in, from your head to your toes, from your ears to your nose diversity is everywhere, diversity oh.

If you're yellow, black, white or brown,
we're all freinds, no need to frown.

If you eat pizza, or chips, or even dips or all other delicious things. We all eat differently, beacause that's, our thing.

Poem by Eleanor.W

Look at me, look at you
as diversity goes through.
North, south, east and west, we
are all living our best.

Left, right
we are all
using our might.

The symbol of peace
is a white dove and it really
doesn't matter who you love.
The bad feelings between us
cannot go on any longer
our differences make us
stronger.

Yellow, white black or brown, We
are all friends - no need to frown.
Thin, fat, tall, or small size
shouldn't matter at all.

Everyone should get along, no
matter how they look.

The world would be a better
place, without all the hate and
all the race.
